eternational Application No CT/EP2004/014371

A. CLASSIFICATION OF SUBJECT MATTER IPC 7 C07D403/12 C07D C07D401/04 C07D241/20 A61K31/4965 C07D409/14 A61K31/497 According to International Patent Classification (IPC) or to both national classification and IPC Minimum documentation searched (classification system followed by classification symbols) IPC 7 C07D A61K Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched Electronic data base consulted during the international search (name of data base and, where practical, search terms used) EPO-Internal, CHEM ABS Data, WPI Data, BEILSTEIN Data, PAJ C. DOCUMENTS CONSIDERED TO BE RELEVANT Relevant to claim No. Citation of document, with indication, where appropriate, of the relevant passages Category ° 1-9, WO 02/24681 A (ORTHO-MCNEIL X 28-30, PHARMACEUTICAL, INC) 34,37, 28 March 2002 (2002-03-28) 38,52 cited in the application 1-53 see general formula, examples and pages 1,2, claim 34 1 - 10WO 2004/085409 A (BIOFOCUS DISCOVERY LTD; P,X HARRIS, JOHN; CHURCH, NICOLA; PROUD, ANDREW; K) 7 October 2004 (2004-10-07) see formula II, page 100, page 101,105,106,116,117 and claim 15 Patent family members are listed in annex. Further documents are listed in the continuation of box C. χ Special categories of cited documents: "T" later document published after the International filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the "A" document defining the general state of the art which is not considered to be of particular relevance invention earlier document but published on or after the international *X* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone filing date document which may throw doubts on priority claim(s) or which is clied to establish the publication date of another citation or other special reason (as specified) document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art. *O* document referring to an oral disclosure, use, exhibition or other means document published prior to the international filing date but later than the priority date claimed "&" document member of the same patent family Date of the actual completion of the international search Date of mailing of the international search report 25/04/2005 19 April 2005
